JOE BIDEN IS NOT THE ANTI-CHRIST

Dear Friend:

Like it or not Joe Biden is going to be the next President of the United States. Nationally the Democrats had such a disdain for President Trump there was a refusal to respect the office of the President especially by the media. (President Trump didn't make it easy, his worst enemy was his mouth – or his tweets!) Now, it is the Republicans turn – will they respect the office of the President? For some reason I cannot picture Joe Biden waking – up and tweeting first thing in the morning or last thing at night.

How long will it take before the Christian community labels Joe Biden the Anti – Christ? When Joe Biden is called the Anti – Christ he will be the newest in a long line that have come before him. Prior picks include: Adolph Hitler, F.D.R., President Kennedy, President Nixon, (especially when he reached – out to China), Ronald Reagan and every President after him! Adolph Hitler gets my vote – but he was not the Anti – Christ. Who is / will be the Anti – Christ?

Revelation 13-19 deals with and reveals details about the Anti – Christ and his spokesperson: the false prophet. Revelation 13 reveals the Anti – Christ as the one coming out of the sea and the false prophet as the one coming out of the earth. Not to confuse you but there is a double fulfillment prophecy in Revelation 13-19. John had a message for Christians being under Roman rule. The Anti – Christ was Rome and its' emperor. Babylon in Chapter 18 was also Rome.

What are the signs that the Anti – Christ is on the scene? He / she will set – up a one world government. He and his organization will dominate world economy. He will demand worship and denial of God. He will set-up a covenant of peace with Israel not to attack them but he will break that covenant 3 ½ years into it. He will perform counterfeit miracles. He will persecute Christians. Want to know more? Be sure to be in church Sunday. If you cannot be there be sure to watch it live on our church's Facebook page at 10:15 a.m.!

Pastor Mike
