Air and Wisdom

My brethren, count it all joy when ye fall into divers temptations; Knowing this, that the trying of your faith worketh patience. But let patience have her perfect work, that ye may be perfect and entire, wanting nothing. If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him. But let him ask in faith, nothing wavering. For he that wavereth is like a wave of the sea driven with the wind and tossed. (James 1:2-6)

The early deep sea divers used a thick suit and a heavy helmet to protect them from the dangers of a hostile environment...There was also a lifeline that connected them to a boat far above...That lifeline provided something they could not live without...

Air...

These divers needed one more thing...Absolute faith in the person on the other end of that line...We are also completely submerged in a hostile world...The pressures of temptation and sin surround us every day of our life...Instead of air our lifeline sends us a constant supply of something else... Wisdom...This is not the word we would expect to hear, so why does James use it...Remember, wisdom is the ability to take what we have learned from the Bible and put it to good use...It is that constant flow of wisdom that keeps us from being crushed...

We also need one more thing...Absolute faith in the person on the other end of that line...
